- The following dashboard contains data reported to DBHDS Office of Licensing by DBHDS licensed providers regarding confirmed COVID-19 cases and deaths of individuals who receive services in licensed programs.
- Confirmed COVID-19 cases are those cases that are reported to the CHRIS system when an individual tests positive for COVID-19.
- Data will be reported weekly and include data through the previous week unless otherwise noted. Counts for prior weeks may increase as providers identify and report additional cases.
- *Please note the data in the dashboard is not Virginia Department of Health data, this is data reported to DBHDS Office of Licensing through its CHRIS system.*
